

Giti Van 600^{v1}

This newly upgraded commercial van option provides extra mileage and stronger load-carrying capabilities, while still delivering a comfortable ride - so that you can spend your time thinking about your business, instead of your tires.

Rim size:

14 - 16"

Aspect Ratio:

60 - 75

Max. Load:

630 to 975 / tire

EQUAL FORCE CASING DESIGN

Improves overall handling, lowers irregular wear, and increases tire life.

advanztech Extra Durable Technology

Combination of tread compound, pattern design, and overall casing structure that significantly improves tire durability and rigidity.

	Size	Speed Rating	Load Index

DURABILITY AND MILEAGE

- Utilizing an ultra-durable compound for high wear resistance

- Increased groove depth and widen the ground contact area: even ground pressure effectively avoiding abnormal wearing during driving

NOISE REDUCTION AND SAFETY

- Enclosed tire shoulder design effectively block the propagation of sound waves reducing perceived noise

- Five-pitch design significantly diminish noise produced during driving

- Shoulder-penetrating steel plate design balanced dry and wet breaking performance

- Wide main grooves and lateral grooves ensure excellent drainage performance
